Parkland Food Bank

Annual Report 2016

Community helping community to make healthy food accessible

From the Board Chair

2016 has come to a close and the need for the Parkland Food Bank has never been greater. Our client numbers are up dramatically year over year. In fact, we are serving double the number of people today than we did just a short 2 years ago. This speaks volumes about the current economic climate we find ourselves in.

As depressing as the economic situation is, we are buoyed by the support we have received from the community. Donations, financial and food, have kept pace to meet the demand. We have received wonderful support from businesses and community organizations as they continue to step forward to help. Our orchard sponsorship program has begun to bear fruit with several businesses stepping forward to offer ongoing, multi-year support.

This support we have received and the expansion we have undergone in 2015 have allowed us to increase the number of days and hours we are open to support clients and to add an additional staff member to support our amazing volunteers.

While we had hoped that we had reached the peak in client need last year, 2017 does not show signs of slowing. However, with an amazing staff, incredible volunteer base and supportive communities in the Parkland region, we will continue to strive to end hunger in our community.

Sincerely

Craig Curran-Morton

From the Executive Director

2016 has been an amazing year of both challenges and opportunities! We have certainly made great use of our expansion that was completed in 2015 and have been unendingly grateful for the extra capacity as we continue to break records both for clients fed and food donated to us by our amazing community supporters.

As we move into 2017 we are preparing to take the next steps to increase our capacity once again to meet our growing communities needs in the coming years. We will be:

- Completing the second story to our warehouse addition to increase our storage space and create an office for our Warehouse Supervisor. This addition will give us the ability to put in a proper staircase to access our second story as well as a conveyor system to move product between floors safely.
- Re-grading and expanding our parking lot for clients and volunteers.
- Upgrade carts and pallets in the warehouse.

I am just so very thankful to our supporters and volunteers who continually give so much of themselves. Parkland Food Bank is simply a reflection of the amazing heart of our community, and we wouldn't exist without our donors.

I would also like to pass on a great big thank you from our clients, who are grateful to know that whatever is going on in their lives, they don't face their hard times alone. There are many, many individuals and businesses that are helping them out when they need a little hand up!

Blessing to you all,

Sheri Ratsoy

What We Do

The purpose of Parkland Food Bank (PFB) is to address the needs of hunger among residents of Spruce Grove, Stony Plain and Parkland County. We provide weekly access to food for individuals and families in short term, long term and emergency situation.

PFB gave out over 15,000 food hampers to 1,576 separate households in 2016. When we count each instance a client accessed the food bank, we provided 2-5 days' worth of food for 39,898 people. Our clients are eligible to receive two different types of hampers.

FULL HAMPER—consists of a standard pre-packed box of non-perishable items, plus milk, meat, eggs to which a box of available produce and pastry is added. Clients can help themselves to bread. These hampers are designed according to the number of people in a family and to last a period of four or five days. Clients may receive one Full Hamper every calendar month.

WEEKLY HAMPER (BPP) - are primarily made up of perishable items (Bread, Produce and Pastry) picked up Monday to Saturday from our local retail outlets. Clients can come once any week they are not receiving a Full Hamper. Additional canned or frozen items are added as supplies permit.

H2 WEEKLY HAMPER—for clients that have no access to cooking appliances or refrigeration, we provide a hamper of ready to eat, non-perishable food that clients can access once a week.

In 2016 we saw a 67% increase in monthly Full Hampers over 2015!

Dear Food Bank Staff, Volunteers, and Supporters,

You all have been a God-send to me this past year in dealing with financial difficulties and hardships. You have made life much easier to manage with all the help, assistance and work you have given me and our communities. It has made a world of difference!

Thank you for all you have done to help me and others in such times to make a good and wonderful difference to our lives in this regard.

God bless you all!
